**Tools & Platforms:** Excel, PowerPoint, Google Slides, Google Sheets, Wix

**Languages:** Spanish – Conversational speaking and reading/writing (Seal of Biliteracy)

## LEADERSHIP & EXTRACURRICULAR EXPERIENCE

**Computer Science Kids** — **Hoffman Estates, IL**
*Mentor* — *Sep 2023 – Dec 2025*

- Taught introductory computer science concepts to classes of 15+ elementary school students, translating abstract programming ideas into engaging, age-appropriate lessons
- Directed large-group activities for up to 60 students per session, maintaining engagement and smooth session flow
- Collaborated with a team of mentors to design and implement hands-on activities that reinforced core CS concepts

**Business Professionals of America** — **Hoffman Estates, IL**
*Competitor* — *Sep 2023 – Feb 2024*

- Represented school in three regional competitions in Payroll Accounting and Banking & Finance
- Built a company website on Wix as part of a 4-person team in response to a real-world business case study
- Prepared financial statements, including income statements and balance sheets, for simulated business scenarios

**Track & Field** — **Hoffman Estates, IL**
*Athlete* — *Jan 2022 – May 2025*

- Competed in 2–3 events per meet across three winter and spring seasons while maintaining a 4.0 GPA
- Recruited 5+ new athletes to strengthen team roster and depth
- Supported new teammates through daily practices, helping them acclimate to team routines and expectations

## VOLUNTEER EXPERIENCE

**Kids Against Hunger** — **Roselle, IL**
*Volunteer* — *2016 – Present*

- Volunteered at monthly food-packing events for 10+ years, preparing meals for shipment to families in need
- Set up event logistics and site organization for the organization's annual 5K charity run
- Onboarded new volunteers by delegating roles and explaining packing procedures

**Math Tutoring** — **Hoffman Estates, IL**
*Tutor* — *Sep 2025 – Jan 2026*

- Tutored high school peers twice weekly in subjects ranging from geometry to calculus
- Guided 5+ students per session through one-on-one instruction using visual demonstrations and worked examples
- Partnered with fellow tutors to develop alternative teaching strategies for students needing extra support
